

BÜŞRA ÖZTÜRK

Frontend Developer

İstanbul, Türkiye | busrozturk13@gmail.com | www.linkedin.com/in/busraoozturk | github.com/busraoozturk

PROFILE

Management Information Systems graduate and Frontend Developer with 3 years of software development experience. Experienced in developing web and e-commerce applications using HTML, CSS, JavaScript, TypeScript, React, Next.js, C#, and ASP.NET MVC. Skilled in REST API integrations, responsive web development, Git, and Azure DevOps workflows. Focused on building user-centered, maintainable, and reusable web interfaces.

WORK EXPERIENCE

Ahlatcı Teknoloji | Software Developer | 10/2023 – Present

- Contributed to the development of an e-commerce application using ASP.NET MVC and Razor Views.
- Developed reusable and responsive UI components using Razor Views, HTML, and CSS.
- Implemented REST API integrations to enable data flow between frontend and backend systems.
- Created UI designs in Figma and translated them into functional web interfaces.
- Developed dynamic user interfaces and interactive web components using JavaScript.
- Contributed to the development of admin panel interfaces using DevExtreme components.
- Used Git and Azure DevOps for version control and development workflows.

Korkod Yazılım | E-commerce & Marketplace Specialist | 03/2022 – 03/2023

- Managed product listings, content, and order operations across online marketplaces.
- Contributed to social media content planning and management.
- Created digital content using Adobe Photoshop, Illustrator, After Effects, and Canva.

Hasanleyli Secondary School | Information Technologies Teacher | 09/2021 – 01/2022

- Taught students the fundamentals of information technologies and software development.
- Improved communication and presentation skills by explaining technical concepts to students with different levels of knowledge.

PROJECTS

TravelMind AI | Full Stack Developer | 2026

- Developed an end-to-end travel planning application, including the user interface, application flow, and core software architecture.

- Built a multi-step planning system that generates daily and hourly travel itineraries based on destination, travel dates, budget, and user preferences.
- Integrated REST APIs for weather and exchange-rate data and developed features including budget calculation, hotel recommendations, packing lists, and alternative itineraries.
- Developed responsive user interfaces and application features including user authentication, saved trip management, and PDF generation for travel plans.

Technologies: Next.js, React, TypeScript, Tailwind CSS, Supabase, PostgreSQL, OpenAI SDK, Anthropic SDK, Google Places API, Google Routes API, Recharts, jsPDF

EDUCATION

Düzce University | Management Information Systems (MIS) | 09/2017 – 06/2021

Ataşehir Rotary Multi-Program Anatolian High School | Web Design | 09/2013 – 06/2017

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, TypeScript, React, Next.js, Tailwind CSS, Bootstrap, Responsive Web Design

Backend: C#, ASP.NET MVC, Razor Views

Database & Backend Services: SQL, Microsoft SQL Server, PostgreSQL, Supabase

UI / Components: DevExtreme, Figma, Recharts

API & Integrations: REST API, OpenAI SDK, Anthropic SDK, Google Places API, Google Routes APIs, Postman

Version Control & DevOps: Git, GitHub, Azure DevOps

Development Tools: Visual Studio, Visual Studio Code, Cursor

CERTIFICATIONS

Applied Figma | BTK Akademi | 2024

Azure DevOps .NET Training | BilgeAdam Teknoloji | 2024

ASP.NET Core Bootcamp | BTK Akademi | 2023

Version Control: Git & GitHub | BTK Akademi | 2023

SQL with Practical Applications | BTK Akademi | 2023

C# | BTK Akademi | 2023

LANGUAGES

English | Basic Proficiency
